

Direction Statement

General Chapter 2024

**Seized by the love
of our Triune God
and compelled to incarnate the
CSSJ charism of unioning love,
we, Sisters of Saint Joseph of Philadelphia,
strive to address the urgent challenges
of the present and the emerging future.
For the Congregation, the Church,
and the life of the world,
we commit:**

To embrace wholeheartedly the transformation necessary for the vitality of our vowed religious life as a contemplative and prophetic presence with each other, the dear neighbor, and all creation.

To be a healing presence, advocating with and responding to persons experiencing marginalization and addressing human activity and systemic injustices responsible for the abuse of Earth and the miseries of our day.
